

Six Thinking Hats

White Hat - pure facts, figures & objective information

Red Hat - emotions & feelings, hunches & intuition

Blue Hat - cool & control, orchestra conductor, thing about thinking, control of the other hats

Black Hat - devil's advocate, logical negative judgement, why it won't work

Green Hat - fertile, creative, new ideas, movement, provocation

Yellow Hat - sunshine, brightness & optimism, positive constructive thought

Edward de Bono, *Six Thinking Hats*, Little Brown, 1985.
